Abstract Payment

An abstract handling fee of **\$ 50.00** will be charged. Payment must be received by the abstract submission deadline (**02.05.2023**).

Payment can be made by credit card (Visa, MasterCard, Amex) or bank transfer. No refund will be made in case of rejection or withdrawal. Authors of successfully submitted abstracts who fail to pay will not be given access to IUIS 2023 or subsequent IUIS events. The submission fee is waived for authors that reside in an African country or [Low-Middle income country](#).

Abstract Review, Selection and Notification

All abstracts will be peer-reviewed by an expert committee. All the reviewers have been selected by the Scientific Programme Committee to review abstracts in their category that best fits their expertise.

IUIS aims for high quality of science without compromising scientific integrity.

The abstract reviewers are required to identify abstracts pertaining to commercial promotion of a proprietary product or data originating from the same study across several abstracts and notify the Scientific Programme Committee for further action.

Please note that the final decisions regarding acceptance of the submitted abstracts will be made by the Scientific Programme Committee. No rescheduling or changes by the submitters will be possible once the abstract deadline is closed.

Notifications of acceptance or rejection of the abstracts will be sent to the presenting author of the abstract by **20 June 2023**. With the notification of acceptance, abstract presenters will be informed about the format.

Publication of Abstracts

Accepted abstracts will be published in the online programme, on IUIS website and in

the Journal Frontiers in Immunology.

Please note that your abstract will only be published if the abstract is accepted and the presenting author has registered and paid the registration fee. In order for your abstract to be published in the programme, presenters must register by **16 October 2023**.

No-show Policy

Submission of an abstract constitutes a formal commitment by the author(s) to present the work if accepted. If a presenting author of an accepted abstract does not register until the deadline, he/she risks jeopardizing future acceptance at other IUIS Congresses and Events, if not justified (withdrawn). These abstracts will further be excluded from publication.

If you will be unable to present your abstract and need to withdraw it, write to Abstracts@iuis2023.org no later than **16 October 2023** with your reason for the withdrawal. After that, the programme will be published so no further changes will be possible.

Presentation formats and abstract topics

Accepted abstracts selected by expert reviewers will be presented in any of the following sessions: Oral Abstract Sessions, Poster Sessions.

More information on the formats will be available at: <https://iuis2023.org/abstracts/>

By submitting your abstract for IUIS 2023 you are agreeing to the transfer of the copyright to IUIS/Publisher. IUIS copyright is only lifted if the abstract is not accepted for presentation at the congress.
